EDUCATION

M.Sc Information Technology (In View)

NATIONAL OPEN UNIVERSITY OF NIGERIA (NOUN)

Postgraduate Diploma (PGD) – Information Technology

NATIONAL OPEN UNIVERSITY OF NIGERIA (NOUN), MAY 2023

Higher National Diploma (HND) – Computer Science
FEDERAL POLYTECHNIC, OKO, JUNE 2009 (UPPER CREDIT)

LANGUAGE SKILLS
Proficient in
ENGLISH AND IGBO

TECHNICAL SKILLS

- Data Analysis & Visualization
- Microsoft Excel (Advanced formulas, Pivot Tables, Power Query, Data Cleaning)
- Power BI (DAX, Data Modeling, Dashboard Design, ETL Processes)
- SQL (Joins, Subqueries, Aggregations, Window Functions)
- Data Transformation & Cleaning
- KPI Development & Reporting
- Analytical Competencies
- Exploratory Data Analysis (EDA)
- Trend & Forecast Analysis
- Business Intelligence Reporting
- Data Interpretation & Storytelling
- Process Automation

DATA ANALYTICS PROJECTS

Sales Performance Dashboard – Power BI
- Built interactive dashboards analyzing revenue trends, product performance, and regional sales metrics.
- Developed DAX measures for KPI tracking and performance comparison.
- Reduced manual reporting effort by automating visualization processes.

HR Analytics Dashboard
- Created employee promotion and performance analysis model using Power BI.
- Designed calculated columns and measures to evaluate attrition and performance patterns.

SQL Data Cleaning & Analysis Project
- Extracted and transformed structured datasets using SQL joins and aggregations.
- Cleaned inconsistent records and generated performance summary reports.
- Created reusable SQL queries for recurring data analysis tasks

PROFESSIONAL EXPERIENCE

Regional Sales Manager (South-South)
Salpha Solar Energy | 2024 – May 2025

- Analyzed regional sales data to identify growth trends and performance gaps across territories.
- Developed structured reporting frameworks to track KPIs and sales performance metrics.
- Implemented data-driven strategies that improved territory performance and operational visibility.
- Led data review sessions with management to support strategic decision-making.

Territory Sales Executive – Partnership
D.light Solar Energy | February 2021 – September 2024

- Generated daily, weekly, and monthly analytical sales reports using Excel.
- Tracked inventory flow and product performance across multiple distribution channels.
- Identified sales trends and underperforming products through structured data analysis.
- Supported marketing performance evaluation through campaign tracking reports.
- Improved reporting efficiency by automating recurring Excel reports.
